In this essay I try to answer, what <sup>cr</sup> better: long summer holiday, or longer terms? I think that summer holiday must be long, but not longer than school year. Students need to have a break <sup>30</sup> some times, but when you have very long breaks, you can forget a lot of good information. If you don't want to forget <sup>sp</sup> information, you should repeat it on holidays.

I think, there is one reason, why longer terms are better. Students must be in school <sup>sp</sup> not ten, but ten, or ~~eight~~ nine years.

But, unfortunately, without holidays, students can get something <sup>sp</sup> psychological injuries. <sup>wp</sup>

On the summer holiday they can swim, sleep for a long time, and don't be afraid about homeworks, just because summer-time of happy <sup>wp</sup> and fresh peoples. <sup>cr</sup>

And I know, that summer - best time to fly on the another country. For example, in our city you can go on car on the trip to sea, but on the winter there is <sup>sp</sup> very cold. But on the <sup>cr</sup> much other countries are cold too! I think, that you don't <sup>cr</sup> do happy, if you get ill on other city. <sup>wp</sup>

In final, I want say, that long holidays - very good, but students must not forget, that without lessons they can't will be good persons!

$$K_1 \uparrow - K_2 \uparrow - K_3 \uparrow - K_7 \uparrow - K_5 \uparrow = 35$$
