Getting education is one of the most important things in our life. We need to do it to get a well-paid job, to live in our own comfortable house and to have what we need and ~~what~~.

There are a lot of points of view how we should study at home or at school.

I guess that studying at home has a lot of bad things for children. Of course, also it has a good side.

Firstly, children can not be tired of a big amount of lessons at ^{gr} one day, because if they can learn more.

~~So~~ Secondly, if you are having parents as a ^{gr} teachers, it will be useful ^{sp} for you not to miss anything during the lessons, because you can always ask them to ~~un-~~derstand & repeat everything again.

The bad thing of this studying is really important for me. ^P Because of it ^{lep} children don't know how to make friends and help each other to solve problems at school. They can't communicate with ^{gr} another people. In the end ^P I would like to say that for young and adult people it's really important to know how to communicate with each other. For me studying at school is the best way to know it. ~~Because~~ ²⁰⁴
